Revision Date: Thur 9, Jul

Release name: Loanr

High level goals: Be able to log and track user loaning activities

User stories for release:

- Sprint 1

(8) As a busy students, I want the app to remember that I logged in and connect me automatically, and I want to be able to log out

- Sprint 2

(13) As a regular user, I want to able to have my own profile so that I can keep track of my own stuff instead of someone else that was using my device

- Sprint 3

(21) As a lender, I want to track what item I loaned out so that I won't forget what I lend to people(highest priority for Sprint 2)

(8) As a borrower, I want to track what item I borrowed so that I won't be a prick for forgetting to return an item

- **Product backlog:**

(13) As a busy person, I want the app to push important items due dates to Google Calendar. (highest priority for Sprint 3)

(8) As a busy person with little time to check the app, I want the app to push notifications of approaching due dates via email or text.
